Annual Report of the Executive Board to the Court of Governors.

To the Governors of the Pontypool and District Hospital.

Ladies and Gentlemen,

Your Executive Board beg to submit the Twenty-fifth Annual Report and Statement of Accounts for the Year ended December 31st, 1928.

During the year there has been a further increase in the work of the Institution, and the accommodation has been taxed to its utmost. 715 In-patients have been admitted as compared with 662 during 1927, and of this total 667 were cured or relieved. The daily average number of patients was 55.95, and 712 operations were performed. The work of the Out-patient Department has also increased.

It is with profound regret that we record the deaths of:—
Mr. Stephen Winsor, a Trustee since the inception of the Hospital,
and for many years an Auditor ;
Mr. W. R. Watkins, an Auditor for a number of years.

EXTENSIONS.

The New Wing is now completed, the interior work being finished at the end of the year.

The new Operating Theatre and Out-patient Dept. are now in use. The Board have been unable to arrange for the three new Wards to be used because of the financial difficulties that they are at present faced with. It is not only necessary to find a sufficient income for the additional maintenance expenditure, but also for the enlarging of the Nurses' Home to allow for the accommodation of the Additional Staff that will be required when the New Wards are used.

Sterilizing Equipment of the latest design has been procured for the new Operating Theatre.

In the X-Ray Department a new X-Ray Plant has been installed that is capable of doing every description of Radio-graphic work.

A new Boiler House has been erected, and Boilers, heating plant, and electrical generating set and switchboard, installed. This new plant provides the whole of the Hospital buildings, including the Nurses' Home, with hot water for heating and domestic purposes, and with electric light. Although the capital

expenditure on this plant has been considerable, it is felt that it will be compensated by the saving that will be effected in the cost of heating and lighting.

Some alterations have been made in the Laundry, including a new Drying Room.

The total sum expended on the Extensions to December 31st, was £19,538 15s. 9d., and there are some payments still to be made.

HONORARY MEDICAL AND SURGICAL STAFF.

The Board on your behalf extend their best thanks to the Honorary Medical and Surgical Staff for their excellent work during the year.

Dr. Abel Evans, M.B., B.S. (Lond.), M.R.C.P. (Lond.), of Cardiff, has kindly consented to become a member of the Honorary Consulting Staff.

The Board regret to report the resignation of Dr. Beaman from the Honorary Consulting Staff.

Dr. Williams, M.B., B.Ch., B.Sc., of Varteg, has been appointed to the Medical Staff in the place of Dr. Mitchell.

HOUSE STAFF.

The Matron, Nursing, Domestic and Out-door Staffs have performed their duties in a very efficient manner during the year and to the satisfaction of the Board, and to the comfort and well-being of the patients.

LINEN GUILD AND COLLECTORS.

Once again the Board wish to express their best thanks to the members of the Linen Guild for their kindness in providing articles of clothing, etc., and to the ladies who assisted in the organizing of the Annual Ball, and in the collection of subscriptions.

CEFN ILA CONVALESCENT HOME.

The Home has been open for the reception of patients during the whole of the year with the exception of the month of March, when it was closed for the Annual Cleaning and for Staff holidays. During the year 343 patients were admitted, this being 14 patients more than during 1927, the daily average number of patients being 14.01. The average cost per patient per week was £1 12s. 6d.

The Board are pleased to observe and report upon the increasing interest taken in the Home, and especially upon the work that is being done there for the comfort of the patients. They are also pleased to report that all patients express their appreciation of the benefits they derive from their stay at the Home, and of the attention given them by the Matron and Nursing Staff.

The Matron, Nursing and Domestic Staff have carried out their duties in a most efficient and satisfactory manner during the year.

The Board wish to record their appreciation of the assistance that has been given by Mr. W. S. Gustard during the year, and for his numerous gifts to the Home.

FINANCE.

The depressed conditions of Trade in the valley have affected very considerably the income of the Hospital.

The expenditure for the year exceeds the Income by £279 8s. 6d.

The year's income was £7,183 9s. 8d., being £848 less than in 1927, the expenditure of the Hospital and Cefn Ila was £7,462 18s. 2d.

The Income on the New Building (1924) Fund Account was £5,817 0s. 1d., which includes £2,500 from the Miners' Welfare Fund. Payments during the year amounted to £11,093 11s. 8d.

The Matron and Nursing Staff assisted by the Linen Guild organized a Sale of Work in the Extensions in October, and as a result were able to contribute £222 5s. 3d. to the New Building Fund Account.

The collection of "Silver Paper" has produced the sum of £14 16s. 2d., and with the continued assistance of all those who have rendered help during 1928 it is hoped to realize still more from this source in 1929.

Towards the end of the year a series of Dances were organized throughout the District. Only two were held before the end of the year, one at Pontnewydd which realized £11 0s. 4d., and one at Usk when £7 2s. 3d. was obtained. It is hoped that this new source of Income will increase during 1929.

On December 31st the Bank overdraft on the No. I. Account was £1,482 5s. 1d., and on the New Building Fund Account £1,598 4s. 11d.

CARNIVAL AND FETE.

The Board received a very kind offer from the Pontypool Chamber of Trade to organize on behalf of the Hospital a Carnival and Fete, and this offer was very readily accepted. It is hoped that much success will attend their efforts.

In conclusion, the Board hope that during the coming year there will be an improvement in the financial position of the Institution, so that its beneficent work may not only be continued as at present but that the New Wing may be brought into full use.

Signed on behalf of the Executive Board.

B. NICHOLAS, *Chairman.*

NORMAN A. BALL, *Secretary.*

MEDICAL OFFICER'S REPORT.

To the Chairman and Members of Cefn Ila Committee.

Gentlemen,

During the past year 343 women and children have been received at the Home, and of them a very large number have come direct from the Hospital. Amongst them have been some very bad cases needing change and rest after severe operations.

By far the majority of the cases came under my notice at some time or other during their stay at the Home and I found that all had benefited physically by their visit.

Satisfaction with everything was expressed by all.

Without such an Institution it is difficult to see how some women could have returned to the duties of life in so short a time.

Yours faithfully,

R. J. STANLEY VERITY,

CEFN ILA CONVALESCENT HOME.
